Scientific research :

1. Made inside the annual research plan of the Village Museum/Bucharest, period 1982 – 1989

1.1 Research inside the Village Museum`s collection – Bucharest

- Pottery, costumes, folk musical instruments, extra-european ethnology, wood-metal: deposit organization, scientific evidence
- Monument research from the outdoor exhibit

1.2 Field research

- pottery centers in Dambovită
- traditional crafts on the Mures Valley
- traditional crafts on the Gurghiu Valley
- traditional civilization in the Apuseni Mountains
- traditional stone architecture - the Apuseni Mountains
- popular costumes from Giurgiu
- traditional civilization on the Danube Valley of Dobrogea

2. Research made after 1990, begun and continued from the past years inside the Museums` and Collections` Departement in the Culture Ministry or as a collaborator or a coordinator of national teams, based on a contract:

- settlement and architecture in villages where stone architecture is specific from the Apuseni Mountains

- 2002 – 2003 – Material and Spiritual Culture from the Tisa Valley – German influences over the other ethnic people – research made in Ukraine.

Inside the Museums` and Collections` Departement initiated in 1991, a programme called “ Immediate Ethnology “ which was a great opportunity for research in domains like: traditional habitation in Bucovina, architecture, ethnic Communities in Bucovina, etc..

2. Direct research as a result of its studies, finished scientific contracts:

- traditional architecture values
- popular crafts – the Mures Valley and the Gurghiu Valley
- computerized evidence of the ethnological patrimony

Reports in congresses, symposiums, scientific sessions (selections) :

- The Cultural Center of Bran`s session, 1992: “ Dracula between literature and historical truth “

- memorial symposium – Lowendal, Gura Himorului, 1995 : “ Paysans portraits in Lowendal`s, the painter, opera “

- The International Symposium Vlasinski Susreti 96, Belgrad – Crna Trava, 1996 : “ Monographical Research on the Village Topicality of Monographical Research Model “

- Barcelona, 2000 : “ Normes communes pour un formulaire europeen minimal de donnees documentaries “

A prodigious activity in promoting the traditional aspects of life, the Romanian culture and civilization in the media (press, radio, television).Also a monumental preoccupation in promoting and managing the Village Museum`s image nationally and internationally.
